## A TRADITION OF CARING

When the Sisters of Providence arrived in the Pacific Northwest in 1856, they came to answer a call for help from a new pioneer community. What they found were many communities in need of service, and so with dedication and collaboration, they built the first schools, hospitals and orphanages in the West. Their ministry grew to what is now a five-state health system. We continue the tradition of caring that the sisters began nearly 160 years ago, always keeping in mind the most poor and vulnerable.

Our Mission: As people of Providence, we reveal God's love for all, especially the poor and vulnerable, through our compassionate service.
